Professional Experience

Student

Freelance & Academic Projects — May 2023 – Present

- Designed and prototyped several real-world UIs for portfolio and academic systems using Figma and Canva.
- Implemented interactive desktop UI using JavaFX for POS and order systems.
- Improved user flows and usability in multiple application designs based on peer and mentor feedback.

Projects

1. Personal Portfolio Website

- Designed and built a responsive portfolio using HTML, CSS, and JS.
- Optimized for SEO with rich meta data and accessibility compliance.
- Included real-world projects with detailed UX breakdowns and live links.

2. Serenity Mental Health Therapy System

- Designed a clean UI in Figma for mental health therapy management.
- Implemented a JavaFX-based desktop front-end with focus on accessibility and therapist-patient usability.

3. Veterinary POS System – CIC VetCare (Pvt) Ltd

- Created UI mockups and high-fidelity designs using Figma.
- Developed user-centric JavaFX desktop UI for inventory and order processing.
